FEATURES AND BENEFITS OF FREESPAN™ SHELVING

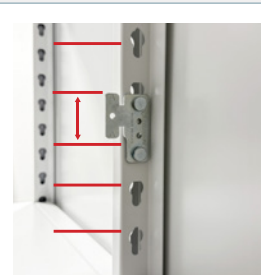

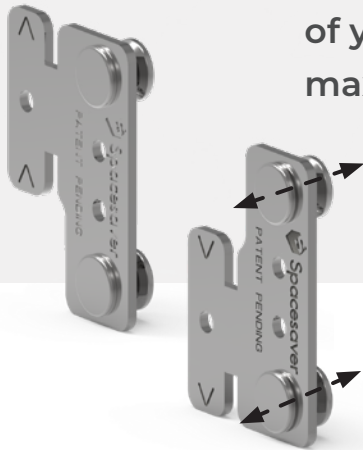

FREEDOM FOR **FASTER OPERATION**

While some storage needs can be planned for, others require a degree of versatility. FreeSpan's innovative, patent-pending clip design allows for quick adjustment of shelf height and positioning, helping users accommodate items of all shapes and sizes three times faster than traditional 4-Post Shelving systems.

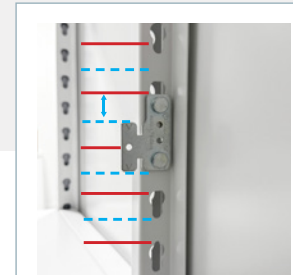

FREEDOM FOR **ADJUSTABILITY**

Designed with increased adaptability in mind, 4-Post FreeSpan™ allows for tool-free adjustment of your shelving system at $\frac{3}{4}$ " increments for maximum density and flexibility.

1-1/2" Shelf Adjustability

3/4" Shelf Adjustability

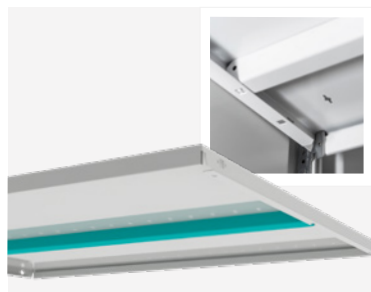

FREEDOM FOR **VERSATILITY & UTILITY**

Engineered to uphold Spacesaver's standard for long lasting, high performance systems, FreeSpan™ Shelving is built with robust structural components designed to withstand heavy use and provide secure, stable storage and display for a broader range of materials.

**FreeSpan™
Shelf**

Designed for easy removal,
just lift up and pull out

**FreeSpan™
Shelf Stiffener**

Optional accessory for increased
capacity and strength

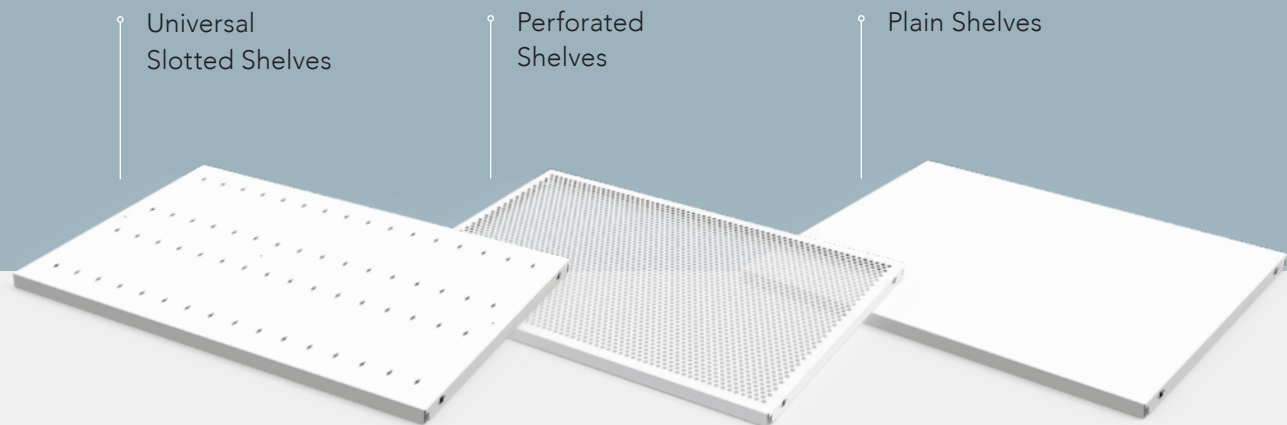

**FreeSpan™
Shelf Extender**

Optional accessory for increased
safety and security for stored items

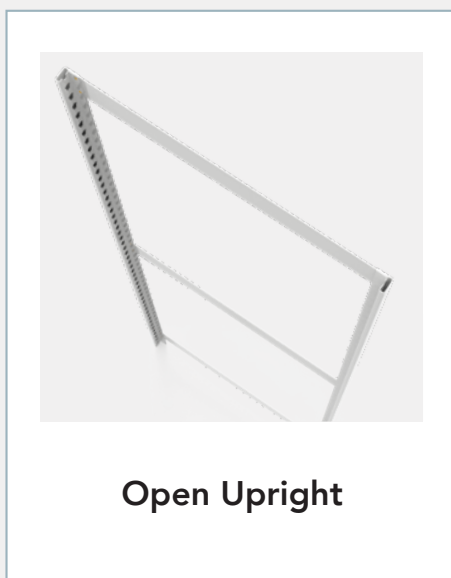

FreeSpan™ Shelving Integrates Seamlessly with Spacesaver 4-Post Installations

FreeSpan Shelves can be installed within existing 4-Post Shelving units. Available in Plain, Universal Slotted - both available with or without Center Stop holes - and Perforated configurations, FreeSpan's Shelf design allows users to easily remove shelves and make adjustments.

Uprights That Upsize Use

With a variety of upright options including Open, Closed, and Case-Type, 4-Post FreeSpan™ Shelving is configurable to suit any storage requirement.

COUNTLESS CONFIGURATIONS

Spacesaver's 4-Post FreeSpan™ isn't just shelving, it's an entire system customized to boost efficiency, improve security and accountability, and save space. Made in the US utilizing cold-rolled steel and welded uprights, FreeSpan is engineered for stability, strength, and rugged functionality.

DURABLE

Don't waste money on cheap shelving that breaks, deforms, or requires special tools to modify. Invest in a quality system that can change right along with your needs.

CUSTOMIZABLE

Choose from optional doors, drawers, dividers, and other accessories to enhance security and ensure that everything has its place.

ATTRACTIVE

Complement any interior design with next-level colors and finishes. Our shelving systems are available in a variety of powder coat paint colors, with custom colors available by request. Add finished materials like wood, acrylic, laminate, or glass for limitless design options.

ADAPTABLE

To adapt to the present need, shelving systems can be stationary or mounted on a caster base or High-Density Mobile Storage carriage.

RECONFIGURABLE

Easily assembled, disassembled, and reassembled, Spacesaver shelving systems are designed for convenient reconfiguration, relocation, or expansion.

SAFE

Designed to meet ANSI standards, FreeSpan™ Shelving is tested to a 2x safety factor. In addition, optional anti-tip devices provide extra stability and safety, even in areas prone to earthquakes.

FREEDOM TO MOVE

4-Post FreeSpan™ Shelving is designed to not only be the future of shelving, but also to take organizations who use it to the next level of storage capacity and functionality. Furthermore, we can help organizations maximize utility by integrating FreeSpan into a High-Density Mobile Shelving system or Flexible Shelving unit.

ENDLESS ACCESSORIES

Designed to be compatible with all Spacesaver 4-Post Shelving systems, our lineup of accessories is designed for safe and secure storage of all types of materials.

OTHER AVAILABLE ACCESSORIES:

- FreeSpan™ Kick Plates
- Divider Rods
- Acrylic Bin Fronts
- Roll-Out Interior Drawer
